Letter from Monroe County.

HOPEWELL SPRINGS, Aug. 12. Mr. EDITOR: I noticed in your paper of July 18 an article written by "W," upon the subject of Normal training, at Maryville, Blount county, Tenn, with which I was very forcibly impressed. Maryville, no doubt, has among the best schools in East Tennessee, and a corps of the best teachers. In reading this article I was brought wheel, of perhaps eighteen inches in to reflect upon the standing of education in my own county, Monroe, and the contrast is very great be-tween it and that of Blount, there not being a Normal School in our county. There is not, I believe, any institution in the county making much pretensions to Normal training; hence the want of good teachers in our common schools. I attended the appointment of our County Superintendent for the ap-pointment of teachers a few Satura days ago, and was very much interested in the examination of about twenty-five teachers formed into a green to grind, might well be thus class. They were, so far as I know, all good men, having honest faces, is not easily digested, but if crushed and of a good moral character, but most of them fell far below that of

an efficient teacher. There are several causes for this: first there is but comparatively little interest taken in the cause of education by the masses of the people; secondly—we have no Normal School for the training of mal School for the training of not soak quickly and are slow of diteachers, and, lastly, we usually pay gestion. When new corn is crushed. although it is not comminuted into \$20 or \$25 per month in this counmeal, its integrity is destroyed and ty, and that, of course, drives men is easily digested, because it readily and women of fine education out of the school-house to seek some more lucrative employment elsewhere. most thorough and tic medicine that can be employed : cleansng the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and

promote vigorous health. AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases that have baffled the best of hunan skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood,

and strengthen the system by freeing it from the elements of weakness. Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may
